HT-RT40

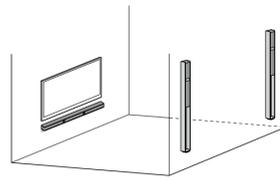

Supplied accessories

To insert batteries

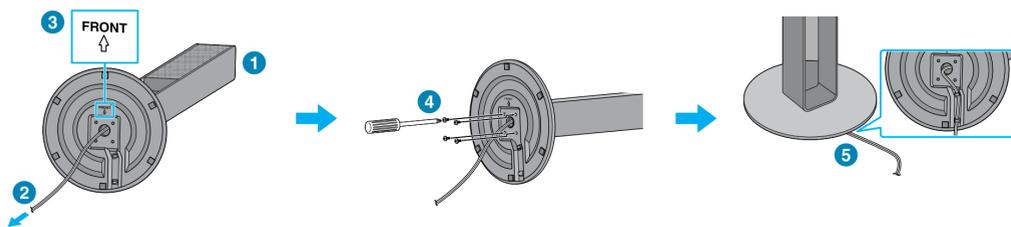

To mount the Bar Speaker and the Surround Speakers (SUR L/SUR R) on a wall
Refer to the supplied Operating Instructions.

1 Installing the Surround Speakers (SUR L/SUR R) on the floor

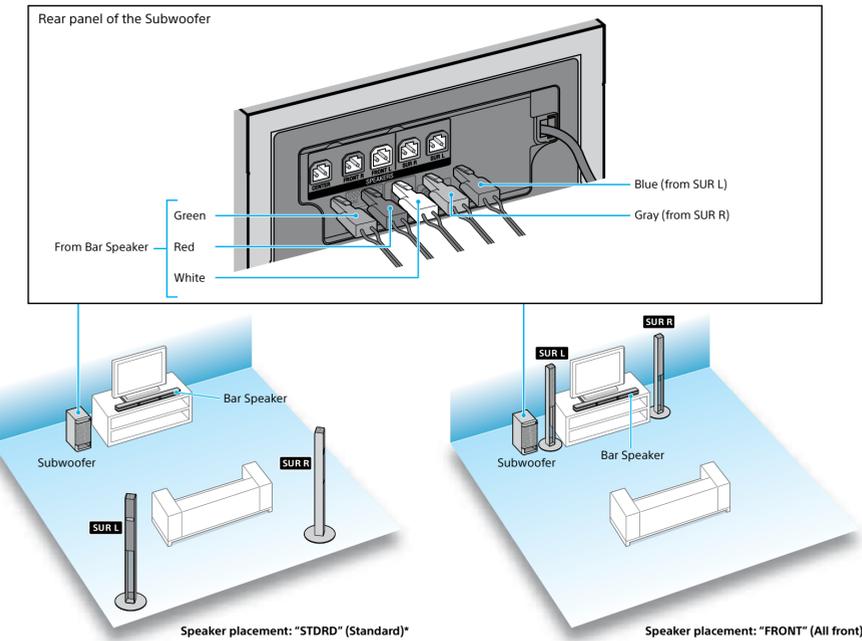

Spread a cloth on the floor to avoid damaging the floor when you assemble the surround speakers.

- Place the surround speaker on the floor with the front side facing up.
- Thread the speaker cord from the surround speaker through the hole in the speaker base.
- Adjust the position of the speaker base by aligning the "FRONT" facing up.
- Secure the speaker base and the surround speaker with four screws.
- Slide the speaker cord into the slot at the speaker base.

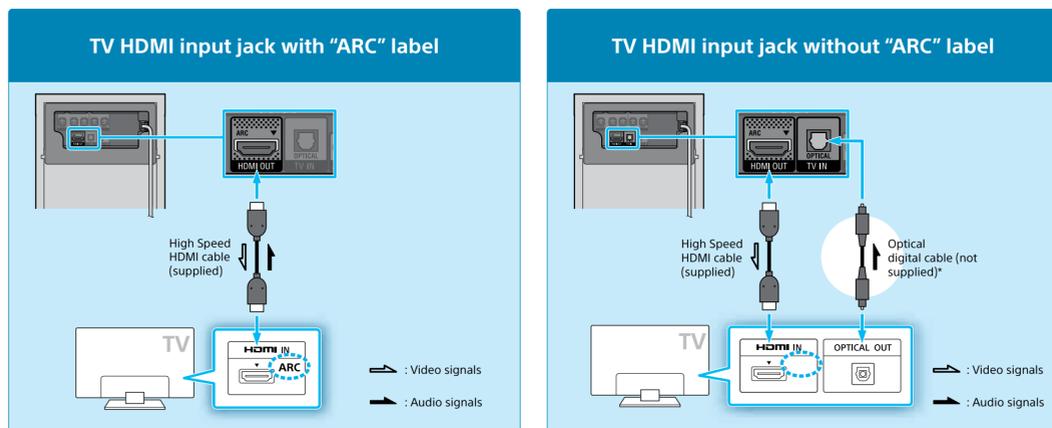

2 Connecting the speakers

Connect the speaker cords to match the color of the SPEAKERS jacks on the rear panel of the Subwoofer.

* To select speaker placement, refer to "Using the setup display" in the supplied Operating Instructions.

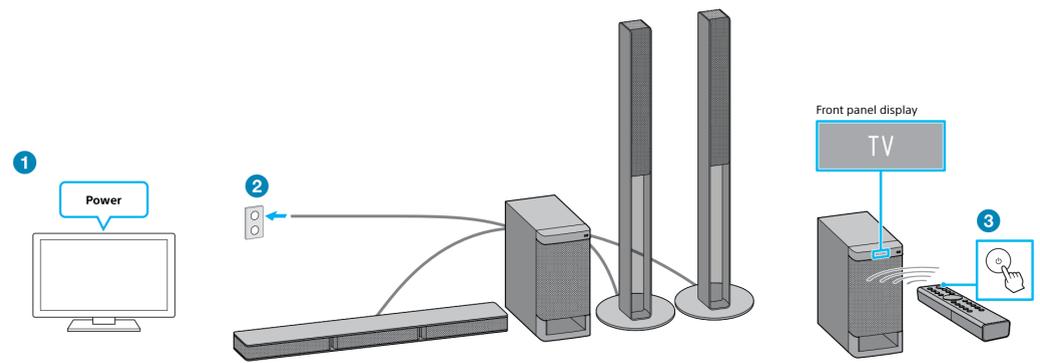

3 Connecting with a TV

* If your TV does not support ARC (Audio Return Channel) function, connect an optical digital cable (not supplied) to listen to the TV sound.

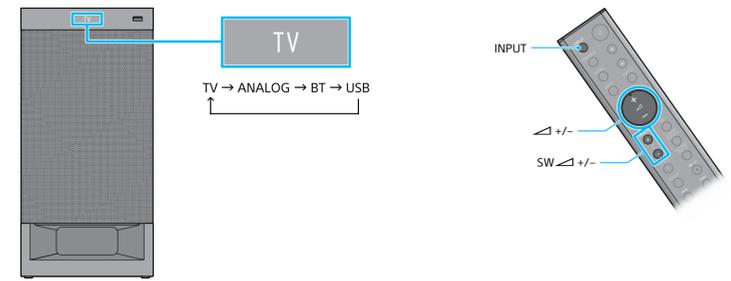

- Note**
- Make sure that the HDMI cable is firmly inserted.
 - To view the USB content list on the TV screen, make sure you connect the system to the TV using HDMI cable.

4 Turning on the system

- Turn on the TV.
- Connect the AC power cord (mains lead) of the Subwoofer to the wall outlet (mains).
- Press (power).
The front panel display lights up.

5 Listening to the sound

Press INPUT repeatedly until the device you want appears in the front panel display. Then, press +/- repeatedly to adjust the system volume and press SW +/- repeatedly to adjust the Subwoofer volume.
To listen to TV audio, select the program you want using the TV remote control.

Setup completed! Enjoy!

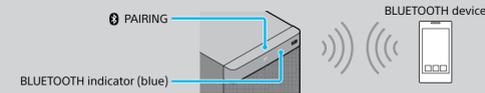

Please refer to the supplied Operating Instructions about the sound effects, and other functions.

Listening to music from a BLUETOOTH device

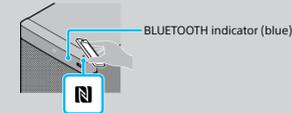

Refer to the supplied Operating Instructions for details on other Bluetooth settings.

When pairing a BLUETOOTH device

- Place the BLUETOOTH device within 1 meter from the Subwoofer.
- Touch PAIRING on the Subwoofer.
The BLUETOOTH indicator (blue) flashes quickly during BLUETOOTH pairing.
- Turn on BLUETOOTH function on the BLUETOOTH device and select "HT-RT40".
- When the BLUETOOTH connection is established, the BLUETOOTH indicator (blue) lights up (●).
- Start playback on the BLUETOOTH device.
- Adjust the volume.

When using One-touch connection (NFC)

- Hold the mobile device near to the N-Mark on the Subwoofer until the mobile device vibrates.
 - When the BLUETOOTH connection is established, the BLUETOOTH indicator (blue) lights up (●).
 - Start playback on the mobile device.
- Compatible mobile devices
Mobile devices with a built-in NFC function
(OS: Android™ 2.3.3 or later, excluding Android 3.x)
- Adjust the volume.

Sony | Music Center

A dedicated App for this model is available on both Google Play™ and App Store.
Search for "Sony | Music Center" and download the free App to find out more about the convenient features.

Connecting other devices with the TV (optional)

Sound from other devices can be output to the system through the TV.
To connect other devices with your TV, refer to the operating instructions of your TV.
